## Creating vibrant images just takes a little image-i-nation

*As the visible embodiment of your wedding day, your images should reflect all the joy & laughter of the occasion in the style that is uniquely you. The aim is to make the experience enjoyable, relaxed and stress-free for you, so that together we create inspiring images full of life and energy – that you will treasure for a lifetime. **It is important you choose the right photographer to suit you – your photo's really are the only tangible reminder you will have!***

*I am based in the Western Cape, trained in the UK and also have a fine art background in photography. Years of darkroom printing experience and retouching know-how are applied to each & every one of your photographs. I shoot on professional quality digital equipment and use professional post processing techniques & packages.*

**Every package includes a DVD of all your photographs at high resolution – your negatives – so that you can have enlargements & prints made at any time or place you choose.**

Below are the standard packages which are a guideline for you to work from – packages can be tailored to suit you by adding in extra time, prints, or coffee-table book.

Once you have booked your day and paid your deposit, your package price is also fixed, but please note that this does *not apply to the coffee-table book* – this price is subject to change.

**Unfortunately discount cannot be offered in exchange for fewer prints**

The “Basic Essentials” package is my basic minimum, with a fixed number of photos supplied, and is designed especially for those couples getting married on days other than a Saturday –but please enquire! Each package is designed to be complete in itself to suit a variety of budgets (the dreaded budget!!) so that there are no unpleasant surprises and extra costs after the day!

**Remember many photographers will give you NO negatives, only a print package and low res images.**

## Package Structure for 2009 - 2010

### **Coffee-table books: R4000**

The book can be added on as an extra to any package. The book is billed separately from your wedding package, and payable at the time you have reviewed your images and selected your choices for the book.

### **Engagement / pre-wedding shoots: R2 500**

Includes : 50 high resolution images on DVD  
approx. an hour and a half of photography time, anywhere within 50km of Cape Town.  
Prints: 2 x A4 enlargements  
10 x A5 enlargements

### 3 hr Package

#### **Basic Essentials R 5 500**

100 Photos on CD (negatives) ready for print  
30 print enlargements – A5

This package is aimed at couples getting married on a weekday or **out of peak season**.  
The photographer reserves the right not to offer this package for Saturday weddings, but please do enquire as to availability.
